

# Ho Viet Thang

Java Developer

## SKILLS

HTML,CSS

jQuery Ajax

Spring Framework

MySQL

Bootstrap 4

JavaScript

Teamwork

Japanese Language

Core Java

## LANGUAGE

JAPANESE

Able to communicate in Japanese

## SUMMARY

I'm a Java developer with knowledge of OOP, Java, JavaScript and learning new technology is what I'm passionate about.

My goal is to work in a professional environment where I can prove my skills and use them for the growth of the company. I want to continue to improve myself to become a senior developer in about 4-6 years.

## WORK EXPERIENCE

### SUPERPIG RESTAURANT MANAGER

4/2021 - 5/2021

#### Team of 3 (member)

- A restaurant management system includes an admin page for managing staff's schedules, salary, and a point of sale view for cashiers and chefs.

Main responsibilities:

- Collaborate with the team to design features, database schema, and use Spring Framework for functional design.
- Integrate Swagger into the project.
- Cloudinary image storage service.

**Deploy:** <https://superpig-restaurant.herokuapp.com>

**Server:** <https://github.com/anhle1476/restaurant-manager-spring-server>

**Client:** <https://github.com/anhle1476/restaurant-manager-react-client>

**Completion time:** 4 weeks

**Test accounts:**

ADMIN: admin - password

### CANVAS SHOP

3/2021 - 4/2021

#### Team of 2 (leader)

Main works:

- Build an e-commerce site with admin pages for the owner and shopping page for the clients using Spring MVC, Spring JDBC, MySQL, JSP, Bootstrap, JQuery

**Links:**

Github: <https://github.com/39domia/costume-shop>

**Completion time:** 2 weeks

### BLOG PAGE

3/2021 - 3/2021

**Personal**

Main works:

Xây dựng một trang blog với các trang quản trị cho chủ sở hữu và trang đọc các bài báo cho khách hàng sử dụng Spring MVC, Spring JDBC, MySQL, JSP, Bootstrap

**Links:**

Github: <https://github.com/thanghovieet/full-blog>

**Completion time:** 1 week
